

JUNE REPORT

World Bible Institute

Making a difference

We are so extremely proud of Our first class of Masters in Biblical Studies for the country of Ghana. I am thankful for the students who waited so patiently for us to finish the program. I am also thankful for brother David Hamrick who started this class. I also want to thank all my colleagues at WBI who pitched in and helped to teach classes.

Graduation for undergraduate and graduate students. This year Tim, Jenny and Highway were able to join me for the two weeks. We were able to meet up with Jonathan Crowel from WBI while on the field.

Two of my absolute heroes of the Faith. Mac- Thompson Gbeti (my left) is the administrator for Ghana Mission Hospital. John Morkli is the director for one Bible School in Ghana and six in Togo.

Finally we had 700 patients cared for, 48 New Churches planted, over 4000 disciples encouraged, Gospel shared with 11,800 and 1,813 souls got baptised were added to the church. What a surprise!
I am overwhelmed with such a great number.
And we thank God the most High for His marvellous work done.

Every year I take a team to Ghana and Togo. This year I had three members from the Skyway Church of Christ with me.

Tim Farrar preaching at Dodze Ablorme Church of Christ.

Jenny Farrar teaching at a Ladies Day in Nuepe, Togo

Hyhway Therrell worked mainly with medical missions and spent a lot of time with doctor Abu (left) from Ghana Missions Hospital.
